DELIVERY OF DANGEROUS CARGO

LE-LOG is specialized in delivering ADR cargo Europewide. We handle dangerous cargo with precaution, as specified in ADR agreement.

Our goal is to prevent and eliminate all possible risks, which might have impact on people, cargo damage and environment. With our strictness and precision, we make sure, that loading, transport and unloading are done as per rules.

All of our drivers are trained and have the needed permission for handling ADR cargo.

We make sure that everything is organized, as per EU regulations.

DELIVERY OF PERISHABLE CARGO

We transport perishable cargo in reefer containers, with required temperature, on daily basis,

Our team makes sure, that gensets are activated and set on requested temperature. As soon as the containers are ready to load, we are already on the road, in order to minimize potential additional costs, such as storage, electricity and D&D.

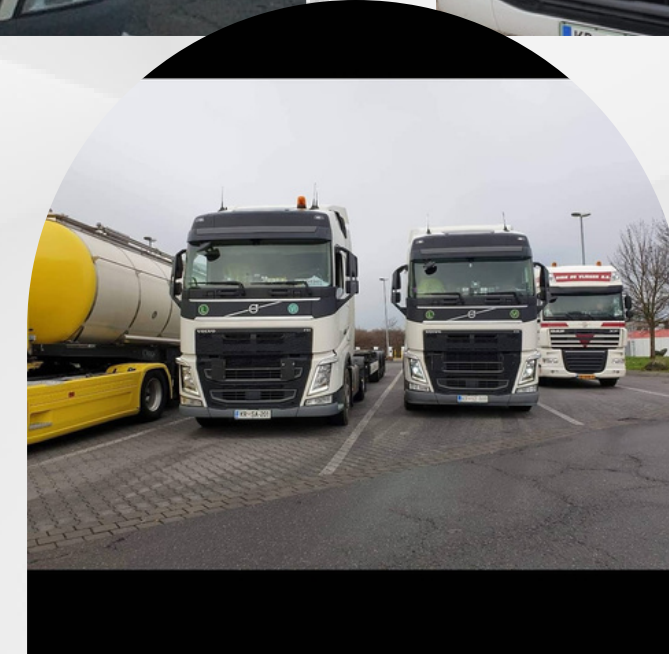

OUR FLEET

Our fleet consist of 13 VOLVO and SCANIA trucks, with EURO 6 engine. Every truck is equiped with CVS tracking, which allow us to track the location on every step of delivery.

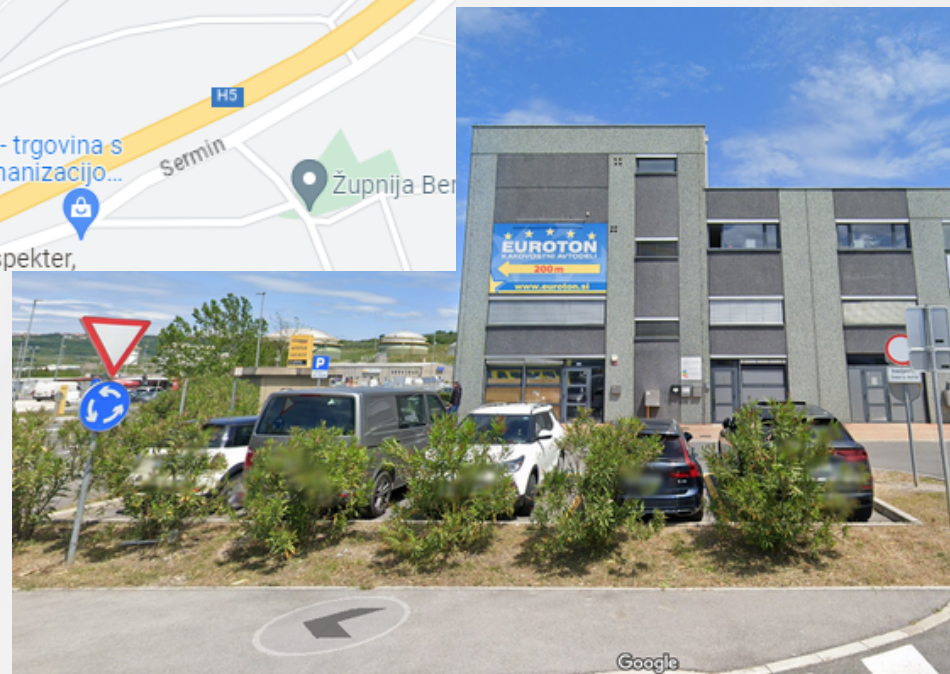

All of our trucks are well-maintained and all have ACTIVE GENSET for reefer delivery.

Due to increased demand, we are always investing in our fleet by purchasing new vehicles.
